PLANT THE FINEST FOR PLEASURE AND PRESTIGE

OUR LOCATION

SEEFERT'S HUDSON ROAD NURSERY AND GARDEN CENTER is owned and operated by Mr. and Mrs. Clarence Seefert. We are located on St. Paul's east side on Highway 12 or Hudson Road and White Bear Avenue, only a ten minute drive from downtown St. Paul. Plenty of parking space. We are open from 8:00 A. M. to 9:00 P. M. seven days a week. Visitors are always welcome. Stop in and visit our nursery when out for a Sunday afternoon or evening drive. Telephone PR 1-5181.

OUR GUARANTEE

WE GUARANTEE OUR STOCK TO BE THE HARDEST AVAILABLE, TRUE TO NAME. WILL REPLACE AT NO CHARGE ANY VARIETY THAT PROVES OTHERWISE. WE WILL ALSO REPLACE AT ONE-HALF THE ORIGINAL PRICE ANY TREE OR SHRUB THAT FAILS TO GROW PROVIDED WE ARE NOTIFIED WITHIN THREE MONTHS OF PURCHASE DATE.

Plant Evergreens for Year Around Beauty

Heavy Landscaped Evergreens, Minnesota grown. The following are all balled and burlapped

No landscape is complete without some form of evergreens. These handsome, colorful shrubs and trees provide your home with year around dignity and privacy. You will be particularly grateful during the winter when other trees and shrubs have lost their foliage.

Upright Pyramidal in Growth

PYRAMIDAL ARBOR VITAE—Rich green in color and slender in growth. Made more compact by trimming. Used in landscape planting.

2½ to 3 feet	\$ 7.25
3 to 4 feet	9.50
4 to 5 feet	14.00

BLUE HAVEN JUNIPER

A lighter blue in color; can be trimmed; very attractive. Very easy to grow.

3 to 3½ feet	\$11.50
3½ to 4 feet	13.50

WELCHI JUNIPER—Deep blue-green color, new growth emphasizes the upright form.

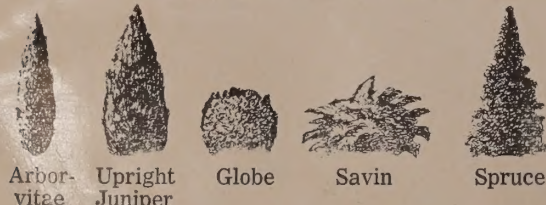

2½ to 3 feet	\$ 9.50
3 to 3½ feet	12.00

STEEL BLUE JUNIPER—Deep blue, very hardy and compact in growth.

2½ to 3 feet	\$ 9.50
3 to 3½ feet	12.00

JUNIPER SCOPULORUM KENYONI (Dewdrop)
Steel Blue color, compact grower.

2 to 2½ feet	\$6.50
2½ to 3 feet	9.50

Low Growing or Spreading in Growth

HETZI JUNIPER—Grows the same as Pfitzer, only blue in color.

18 to 24 inches	\$7.50
-----------------	--------

PFITZER JUNIPER—Bright green in color, easily trimmed to control size. Valuable for foundation planting and in front of taller plants.

18 to 24 inches	\$7.50
24 to 30 inches	9.50

SAVIN JUNIPER—Low spreading, slightly vase shape with deep green foliage. A nice foundation planting.

12 to 15 inches	\$5.00
18 to 24 inches	7.50

MANEYI JUNIPER—A new evergreen usually grown as a spreader, but height can be increased by trimming outside branches back. Blueish green in color; used as a foundation plant.

15 to 18 inches	\$7.50
18 to 24 inches	9.50
24 to 30 inches	12.00

Globe Form Evergreens

MUGHO PINE—A dwarf compact globe shaped long needle pine. With annual trimming the size and neat mound may be attained for many years.

15 to 18 inches	\$7.50
18 to 24 inches	9.50
24 to 30 inches	12.00

GLOBE—Dwarf Arbor Vitae grows to about three feet in diameter. Natural growth.

12 to 15 inches	\$3.50
15 to 18 inches	6.00
18 to 24 inches	7.50

SILVER GLOBE JUNIPER

A very compact Globe
Hardy any location

12 to 15 inches	\$7.50
15 to 18 inches	9.50

SIBERIAN—Dark green foliage. Dense in growth conical shape. Can be trimmed to any shape.

15 to 18 inches	\$6.00
24 to 30 inches	9.50

SPRUCE

BLACK HILL SPRUCE—Close growth and shapely outline make this tree very popular as a lawn specimen.

18 to 24 inches	\$ 4.50
24 to 30 inches	8.00
3½ to 4 feet	14.00
5 to 6 feet	22.00

COLORADO GREEN SPRUCE—It has a conical outline, deep green needles. It is very hardy.

2 to 2½ feet	\$ 8.00
3 to 3½ feet	14.00
4 to 5 feet	18.00

COLORADO BLUE SPRUCE—The most popular for planting as a lawn specimen plant single or in clusters.

24 to 30 inches	\$11.00
3½ to 4 feet	18.00
4½ to 5 feet	27.00

COLORADO BLUE SHINER—Grows almost as the Blue Spruce, but has a more deep silver blue.

5 to 6 feet	\$39.00
-------------	---------

AUSTRALIAN PINE—Upright growing. A tall growing pine with dark green needles, 4 to 6 inches long. A fine lawn specimen or as a background.

2½ to 3 feet	\$ 9.00
4 to 5 inches	18.00

Japanese Yew

TAXUS SPREADING—One of the few evergreens that grow without sunlight; glossy dark green foliage, soft to touch. Very desirable for foundation planting.

15 inches	\$ 7.50
18 inches	11.00
24 inches	14.00

TAXUS UPRIGHT—Compact and pyramidal evergreen that thrives in the shade. Rich green, winter and summer.

2 to 2½ feet	\$15.00
3 feet	22.00

LANDSCAPING PLANS

For Free Estimates Call

SEEFERT'S

PR 1-5181

SIBERIAN—Because of its extreme hardiness, this Arbor-Vitae was named "Siberian." Dark green foliage. It is dense in growth and of conical outline. Can be trimmed to any desired form.

15 to 18 inches, B & B\$ 6.00
 18 to 24 inches, B & B 7.50
 24 to 30 inches, B & B 9.50

MUGHO—Here is a low growing, dwarf pine. It is compact and round in shape. The size can be controlled by trimming. The foliage is deep green. It is hardy and will tolerate some shade.

12 to 15 inches, B & B\$6.00
 15 to 18 inches, B & B 7.50
 18 to 24 inches, B & B 9.00

RADIANT CRAB—This tree is compact and upright in growth habit which makes it ideally suited for landscaping purposes on smaller properties. The new foliage in spring and early summer has a bright reddish cast, contrasting nicely with the green of older foliage. The flower buds are deep red, opening to deep pink, single flowers of medium size followed by small bright decorative red fruits.

NEW IMPROVED FIRESIDE

Connell Red (Patent No. 1602)

Connell Red is a bud sport of the Fireside Apple, which everybody in the Midwest is familiar with and the Fireside has made quite a reputation for itself as far as hardiness, productivity, and quality. But now we have a red sport which is similar to Fireside in every other respect. In other words, Connell Red has all the good qualities of Fireside in addition to being a uniformly red apple and is especially desirable where Delicious cannot be raised.

5 to 7 feet\$3.50

PRAIRIE FIRE—\$2.50 Each

A new introduction from spring 1960, originated by the University of Minnesota. The flowers of Prairie Fire are large, semi-double, having 2½ to 3 inch bright red flowers borne in clusters of from 35 to 55 individual blooms crowning a single cane. Blossoms are highly fragrant. The plant produces flushes of bloom at approximately monthly intervals. Fruit from June until killing frosts in fall.
